EVENING PERFORMANCE - JUNE 14 @ 6:30PM - \$5 *(Kids under 10 free)*

This electrifying liberty horse demonstration displays the ultimate relationship between horse and handler. With the horses free from tack, Dan queues horses to perform incredible feats like rear, sit, lay down, side pass over one another, run to marks and work in opposite directions and patterns.

Educational and entertaining you will be wowed by the amazing partnership of this Double Dan Horsemanship team.

GROUND CONTROL - JUNE 15 & 16 - 9AM-4PM - \$350 *(Auditor \$10 Kids under 10 free)*

Double Dan Horsemanship introduces a revolutionary horse training clinic that changes relationships between horses and handlers. In just 2 days, you can have a stronger, more productive equine partner. From the ground, you will learn the foundation techniques for Double Dan's remarkable liberty performances.

Boost your confidence on the ground and in the saddle with easy to follow Ground Control methods. Give your horse a relaxed softness in a halter, teach basic ground reining, lateral flexion, side passing and introduce cues.

LONG REINING - JUNE 17 & 18 - 9AM-4PM - \$350 *(Auditor \$10 Kids under 10 free)*

Learn the same techniques that Dan James used to win the 2012 Road to the Horse Colt Starting World Championship and Dan Steers used to win the 2012 Mane Event Trainers Challenge!

Learn how to achieve softness and respect from the ground with your horse. Valuable training techniques for starting young horses and re-educating older ones, allowing you to teach flexibility, control and overcome behavioral issues in a safe controlled manner for you and your horse.

Double Dan Horsemanship provides you with easy to understand exercises that you will take home and utilize with any horse. Don't miss your opportunity to improve your horsemanship skills and build a stronger trusting relationship with your horse.

BODY CONTROL - JUNE 19 & 20 - 9AM-4PM - \$350 *(Auditor \$10 Kids under 10 free)*

Double Dan Horsemanship helps riders reach their goals by refining the riders' body control to develop a more supple horse with a willing attitude. By teaching the fundamentals to achieve flexibility and softness riders will discover beautiful circles, smooth lope departures, flawless lead changes and effortless roll backs.
